Popularville, Miss., August 22, 1918. Judge Paul Johnson,

Hattiesburg, Miss. Dear Sir:

The returns of the first primary for Congress in this district forces a second primary between you and me. Before the first primary, you talked loud and long about wanting a joint debate with me, charging that I had run away from you to escape joint iebates. This was not true.

Now, since the race has narowed lown to you and myself, I am ready to give you the joint debates you have been looking for. I hereby challenge you for a series of twenty-six joint goula, Gulfport and Wahalak is pro- to New Orleans on Aug. 15: 81 ab- debates, covering every county in the gressing satisfactorily. I am enclosing a speaking iteniary, subject to your approval, the time and rules of joint debate to be agreed upon by a committee of three. one to be appointed by you, one by me, and the third member of the committee to be selected by the two thus ap pointed.

I insist that you accept this challenge and let the people of the district hear both sides of this congressional contest at the same time so that they may be in a position to properly pass upon the relative merits and qualifications of the two candidates before making their final dicision.

I insist again that you accept this challenge for the reason that you have, throughout your campaign, made all sorts and kinds of false and misleading charges against my private life and public record. Many of these charges made by you were known to be untrue and none of them can b substantiated.

Your refusal to accept this challenge will be construed by all fair minded citizens of the district as a confession of your inability to back up and prove what you have been saying.

You have wilfully and flagrantly charged that I misused and squand ered public funds; you have wilfully and filagrantly charged that I recom mended and secured the passage of the State-wide dipping law; you have wilfully and flagrantly charged that I over-ran the pardon board; you have wilfully and flagrantly charged that I have corruptly used money in the cam paign: you have wilfully and flagrantly charged that I do not deserve any credit for giving to the people of Mis bless the people of the State for years

ple by promising them homesteads and other legislation that you ought to know to be clearly unconstitutional. If you have faith in your platform, you need not be afraid to meet me on the stump.

I am sure that the people of the dis trict will join me in this request that you face me on the issues that you you, have injected into this campaign.

You have not only abused, vilified and misrepresented me, but you have denounced Mr. Bowers by charging that he had betrayed the people in Congress before, and that he had practically sold out to Edward Hines and the Gulf & Ship Island Railroad, and that he was crazy. This you did, even in the presence of his wife in the city of Gulfport, and after you had done all the damage and dirt you could to Mr. Bowers, later, when you saw that he would be the third man in the race, and lives of the poor of the large Grove were the guests of Mrs. I. P. you immediately reversed your attitude and sought to refer to Mr. Bowers in a semi-complimentary way.

I name Hon. H. K. Rouse to represent me on the committee to arrange for the time and rules of debate. Give me your reply by return mail so we can begin speaking on Monday. August 26th.

I shall feel free to construe your refusal to this challenge as a weakness of your case, in the campaign.

Yours faithfully.
